COVID-19 RESPONSE

Dear Parents and Friends of Success Sports Camps,

We hope this letter finds you and your family safe and healthy. As we all know, we are living in unprecedented times. We are all navigating this climate the best we can and are asking important questions about how we should plan for the future. Here at HHT and SSC, we have been resilient and are finding joy in re-imagining our programs for adults and children. It is our hope that everyone remains safe in this time, and to ensure safety of all our clients, we have made the decision to cancel this year's in person camp and move to creating a virtual summer experience.

There is so much that must be considered as we chart our path forward, and at the top of our priorities is our children. For many years, Success Sport Camp has operated during the summer months to provide children with an opportunity to learn about health, sports and fitness, in a safe and fun environment. We look forward to summers with our families, and this summer is no different. We will provide online fitness classes, virtual sports training, nutritional tips for healthy living, and exciting virtual field trips for all participants. We look forward to sharing more information in the coming weeks and will be sure to share our decisions with you as they are made available.

Sincerely,
Christian Varner,
CEO
